## Expect the unexpected at TesselaaR KaBloom, Festival of Flowers this autumn

Enjoy a carnival of colour and a brilliant family day out in Melbourne's Dandenong Ranges at **TesselaaR KaBloom, Festival of Flowers**, March 28 – April 19.

Expect the unexpected as there is nothing quite like TesselaaR KaBloom; a spectacular show where circus arts and flowers collide.

Festival director, Paul TesselaaR says the Festival is bigger and brighter than ever before, both in and out of the fields.

“With our world class circus entertainment, along with acres of stunning blooms, TesselaaR KaBloom promises to be an event that will delight every member of the family.”

An explosion of colour in nature; here are some of the highlights:

- **Millions of flowers** – wander through fields of marvellous Marigolds, sizzling Salvias, colourful Cleomes, pretty Petunias, gorgeous Geraniums and many more.
- **Circus Spectacular** – roll up to a show like no other as flower fairies, sprites and pixies emerge from the magical woods to delight and entertain amid the colourful blooms. A troupe of sensational circus artists from Melbourne's own 'Strange Fruit' will perform scheduled shows every day.
- **Wild flower meadows** – New this year, TesselaaR has planted two whimsical wild flower meadows; floral enchantment at its finest and an instagrammers dream.
- **Action packed Children's entertainment** – as always, children are a priority at TesselaaR KaBloom with a full program dedicated to fun and creativity including:
